Collision Repair Technology

 **GREENEVILLE/GREENE COUNTY**
CENTER FOR TECHNOLOGY
1121 Hal Henard Road • Greeneville, TN 37743

Program Curriculum

In Collision Repair Technology Students will gain:

An understanding of the importance of making a living

Leadership experience through participation in youth club activities

Knowledge of and experience in safe work habits

Pride in craftsmanship

An understanding of employment opportunities in related fields

Certificate

Students who successfully complete at least two semesters of Collision Repair (Collision Repair I and II) will be eligible for a certificate of completion showing hours and objectives met. Additional terms may be taken for further experience in Collision Repair.

Students may further their education at state area vocational training centers, or colleges including...

Tennessee Technology Center
in Morristown
Nashville Auto Diesel College
Adult programs in Collision Repair at
The Greeneville-Greene County
Center for Technology

Advanced students who are successful may enroll in a co-op program that allows the student to gain on-the-job training and earn money while being enrolled in the Collision Repair Program.

Students will become capable of doing many jobs well and will gain pride and self-esteem as they witness their own skills in "changing a damaged vehicle into a newly refinished vehicle".

SkillsUSA-VICA

Students enrolled in collision Repair will have the opportunity to join SkillsUSA-VICA.

SkillsUSA-VICA is...

- An internationally recognized organization.
- Recognized by most industries as an excellent training area for prospective employees.
- A student organization with leadership training through planned meetings and activities that take place throughout the year.

SkillsUSA-VICA has Regional, State, National, and International contests held to determine the Best of the Best for all the trade classes.
